Business Information Systems: Information & Technology

Information Technology in Business

Information Management in Business

- **e-Health Systems**
- **Information/Technology Systems**
- **e-Business**
- **R&D within Information Technology**

Software Engineering

Information Technology in Business

- Business Development
- Strategic Planning (ROI)
- Vendor Research
- System Upgrade/Update

Business Information Systems: Information & Technology

Information Technology in Business Information Management in Business

- **e-Health Care Information Systems**
 - **Information/Technology Systems**
 - **e-Business**
 - **R&D within Information Technology**
- ## **Software Engineering**

e-Health Care Information Systems:

Functional Health Care Systems

- **Health Care IS Applications**
- **Technology Infrastructures**
- **Development Methodologies**

Cross-Functional Systems

- **Integrated Applications**
- **Transaction Processing Applications**
- **Business Collaboration Applications**

Case Study

- **Patient Administration System**
- **Medical Records System**
- **PACS**
- **Expert System Assisted Diagnostic System**
